*Let's not let Henry Ford's years of labor  
disappear. Our goal is to preserve the past for  
the future. He worked to make farmer's labor  
less stressful; he made a car that the working  
man could afford.*

*F-for us to preserve  
O- old but not forgotten  
R-restore for the future  
D-display with pride*

We display our Ford and Dearborn equipment at many shows each year. It's a great way to exhibit your Ford equipment, vehicle, tractor or related memorabilia.

Our clubs mandate is the care of the Ford Dealership building, era 1920 at Country Heritage Park and we host a large display of Ford die cast toys and collectables on the second level.

The garage has many vintage vehicles, tractors and garage related memorabilia.

For more information on the Ford Dealership you can visit Country Heritage Park at: [www.countryheritagepark.com](http://www.countryheritagepark.com)

Our club has four meetings annually and members receive four newsletters along with their membership.

## HENRY FORD'S DREAMS

The club is made up of many different age groups and interests. We have members with large collections and some with one. Our members are a working body in the preservation of the Ford Motor Company and all its values.

If you are a collector of tractors or a vintage car/truck you'll find great friendships and fellowships.

We invite you to take interest in our club and learn more about us and allow us to field your questions.

“We want to live in the present and the only history that is worth a tinker's damn is the history we make today.”

Henry Ford
